

USA RUGBY

CONFLICT OF INTEREST POLICY

2026

1. Purpose:

USA Rugby is committed to sustaining an ethical organization free of conflicts of interest and perceived conflicts of interest. Each Affiliated Individual (as defined below) has the responsibility to administer the affairs of USA Rugby honestly and prudently, and to exercise their best care, skill, and judgment for the sole benefit of USA Rugby. Those people will exercise the utmost good faith in all transactions involved in their duties, and they will not use their positions with USA Rugby or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions. USA Rugby requires that its Affiliated Individuals recognize, attempt to avoid activities or investments that involve, might appear to involve, or could result in, a potential conflict of interest.

This policy does not attempt to provide an exhaustive list of every possible circumstance that might give rise to a conflict of interest but provides examples of situations or “**transactions**” where potential conflicts of interest often arise. A “**transaction**” is any contract, transaction, agreement or relationship involving the sale or purchase of goods, services, or rights of any kind, the providing or receipt of a grant or loan, or the establishment of any other financial relationship with USA Rugby.

2. Applicability of Policy:

This Conflict of Interest Policy is applicable to all USA Rugby Affiliated Individuals.

“**Affiliated Individuals**” include, but are not limited to, members of USA Rugby’s Board of Directors (Directors), officers; committee members; employees; certain contractors exercising substantial decision-making authority, such as any selection committee, assistant coaches, and analysts; and certain volunteers exercising substantial decision-making authority, such as task force members, judicial officers, community judicial officers, and hearing panel members.

3. Definitions:

A “**Conflict of Interest**” or “**Conflict**” exists when an Affiliated Individual’s activities, interests, or relationships interfere with, influence, or have the potential to interfere with or influence his or her responsibilities on behalf of USA Rugby or undermine the interests of USA Rugby. The activities and interests of an Affiliated Individual’s relatives and close associates must also be considered when evaluating whether a conflict of interest exists. Relatives and close associates (RCAs) include spouses/domestic partners, children, siblings, parents, in-laws, close friends, and business partners.

A “**conflict of interest**” can exist in the context of athlete or team selection when an Affiliated Individual participates in a selection decision that involves or impacts an athlete who is an RCA of the Affiliated Individual or when an Affiliated Individual participates in a benefits or services allocation decision that directly impacts the Affiliated Individual or their RCAs.

As defined below, a conflict of interest may be actual, potential, or perceived:

i. Actual Conflict of Interest

An actual conflict of interest exists when an Affiliated Individual has an active relationship with a person or organization that may influence their decision making in their role with USA Rugby.

ii. Potential Conflict of Interest

A potential conflict of interest exists when an actual conflict of interest has not yet been established, but there is reasonable cause to believe that a future event may create a conflict of interest.

An example of a potential conflict of interest is an Affiliated Individual that has an active relationship with a person or organization that is under consideration for a vendor contract with USA Rugby. By contrast, if the vendor relationship is established, the Affiliated Individual would have an actual conflict of interest related to this vendor.

iii. Perceived Conflict of Interest

A perceived conflict of interest exists when an Affiliated Individual does not have an active relationship with a person or organization, but it may appear to another individual that a connection between the two exists and has influenced a decision made by the Affiliated Individual.

A perceived conflict of interest may also exist if an Affiliated Individual has disclosed a conflict of interest and has recused themselves from decision making but takes actions that make it appear that they were involved in the decision (e.g., the conflicted person recused themselves from a discussion about a particular decision but remained in the room while the discussion was ongoing). It is important to remember that perceived conflicts of interest are often seen by others as actual conflicts of interests.

4. Areas in Which Conflicts May Arise:

Conflicts of interest often arise due to the relationships Affiliated Individuals have with the following third parties:

- a. Persons or entities supplying goods and services to USA Rugby;

- b. Persons or entities leasing property or equipment to USA Rugby;
- c. Persons or entities with whom USA Rugby is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities or other property;
- d. Competing or affinity organizations;
- e. Donors and others supporting USA Rugby;
- f. Agencies, organizations, and associations which affect the operations of USA Rugby;
or
- g. RCAs and other employees of USA Rugby.

Potential conflicts of interest often arise when Affiliated Individuals have an interest, directly or indirectly, with any persons or entities mentioned above. Examples of potential conflicts of interest are listed below. The list below is not intended to be an all-inclusive list of every instance that may create a potential conflict of interest, but, rather, is simply a sample of the types of relationships and activities that may give rise to a conflict of interest. If an Affiliated Individual or other disclosing individual has any question as to whether a relationship or activity may create a conflict of interest, a disclosure must be made.

Examples of potential conflicts of interest that should be disclosed are listed below:

- i. An Affiliated Individual has personal relationships with other Affiliated Individuals who they regularly work alongside or who their work affects.

EXAMPLE: Two USA Rugby board members who are serving at the same time are married.

EXAMPLE: An USA Rugby board member is the parent of a current national team athlete.

- ii. Affiliated Individual or an RCA owns stock or holds debt or other proprietary interests in any third party dealing or who may potentially deal with USA Rugby.

EXAMPLE: A USA Rugby board member owns a 70% interest in a company seeking to enter into a contract with USA Rugby to provide consulting services.

- iii. Affiliated Individual or an RCA owns a business, maintains a second job, or provides goods or services under a provider, contractor, or consulting agreement, where the outside business provides goods or services to USA Rugby, the USOPC, or any other NGB.

EXAMPLE: USA Rugby is contemplating entering into an agreement with an HR consulting company owned by a USA Rugby employee's husband.

- iv. Affiliated Individual or an RCA holds a position of executive, officer or director, participates in the management of, or is otherwise is employed (or formerly employed) by any third party dealing with USA Rugby.

EXAMPLE: A USA Rugby board member is the CEO of a technology company negotiating a contract with USA Rugby to provide IT services.

v. Affiliated Individual uses USA Rugby's time, personnel, equipment, supplies, or goodwill for anything other than USA Rugby-approved activities, programs, and purposes.

EXAMPLE: A USA Rugby employee uses a USA Rugby vehicle for a personal road trip.

vi. Affiliated Individual solicits gifts or gratuities using their USA Rugby role or accepts personal gifts, loans, gratuities, or discounts from third parties, including situations that may or may not constitute a violation of USA Rugby's Gift and Entertainment Policy. No personal gift of money should ever be accepted.

EXAMPLE: A USA Rugby employee using her position at USA Rugby to obtain box seats for a sporting event from a vendor for personal use.

EXAMPLE: Accepting tickets to an NFL game worth \$250 from a business seeking to obtain a contract to provide landscaping services for USA Rugby headquarters.

EXAMPLE: A USA Rugby board member gets paid a commission if USA Rugby enters into a particular contract with a third party.

vii. Affiliated Individual or an RCA acts as an agent, representative, or consultant to a business whose interests may conflict with the interests of USA Rugby.

EXAMPLE: A USA Rugby board member agrees to promote another NGB in negotiations with potential sponsors or licensees.

viii. Affiliated Individual or an RCA has a business relationship with a sponsor, supplier, licensee, or vendor of USA Rugby (for a current list of USA Rugby sponsors, suppliers, and licensees, go to the [USA Rugby Partner page](#) on the USA Rugby website).

EXAMPLE: A USA Rugby employee's spouse provides legal services to a USA Rugby sponsor.

ix. Affiliated Individual awards USA Rugby business to, or provides favorable treatment to, a business owned or controlled by a volunteer or an RCA.

EXAMPLE: USA Rugby is contemplating entering into a contract for landscaping services with a company because the landscaping company is owned by an employee's brother.

x. Affiliated Individual drafts selection procedures or participates and/or votes within a discretionary selection committee of USA Rugby when they have a relationship with an athlete who is potentially impacted by the selection procedures (e.g., as coach, trainer, parent, etc.) or when Affiliated Individual might benefit directly or indirectly from the selection method.

EXAMPLE: USA Rugby employee participating in a decision to select an athlete on USA Rugby's team for World Championships or major international competition when the USA Rugby employee is athlete's current coach or family member.

EXAMPLE: The athlete representative assisting with drafting, voting on, and/or signing the procedures is also competing for a spot on the team for which the procedures are written.

xi. Affiliated Individual engages in activities or maintains interests and relationships that interfere with or influence, or have the potential to interfere with or influence, the satisfactory performance of their responsibilities on behalf of USA Rugby or undermine the interests of USA Rugby.

EXAMPLE: A USA Rugby board member has a significant client who owns or operates a facility being considered as the host of a USA Rugby event.

EXAMPLE: An Affiliated Individual serves on a hearing panel or appeal panel involving discipline against a member of the Affiliated Individual's club / team / family.

EXAMPLE: An athlete is the potential recipient of benefits or services that are being allocated by USA Rugby and participates in the allocation decision.

5. Interpretation of This Policy:

The examples listed in Section 4 are not exhaustive. Affiliated Individuals should disclose all relationships and activities which may give rise to a potential conflict of interest, whether or not listed expressly in Section 4.

Disclosure of a conflict or potential conflict of interest does not necessarily prohibit involvement in the disclosed activity or with USA Rugby. For example, the conflict might not be material enough to be of practical importance, or if it is material, it might be possible for the USA Rugby and Affiliated Individual to implement appropriate mitigating measures upon full disclosure of all relevant facts and circumstances. However, it is USA Rugby's policy that the existence of any of the interests described or similar in nature to those described in Section 4 will be disclosed before any transaction is consummated or any vote taken on an action, contract, relationship, or decision that would give rise to the potential conflict of interest. It is the continuing responsibility of each Affiliated Individual to scrutinize his/her transactions, outside business interests, and relationships for potential conflicts and to immediately make such disclosures.

6. Conflict Disclosure Statements:

All Affiliated Individuals must comply with the Conflicts of Interest Policy and proactively disclose actual, potential, or perceived conflicts of interest as they arise.

In addition, all members of the following groups of Affiliated Individuals must sign and submit to the Chair of Audit and Risk Committee and USA Rugby's Chief Executive Officer ("CEO") a standardized disclosure form to disclose any actual or potential conflicts of interest every other year:

- Board members and officers
- Committee members
- USA Rugby Employees
- Contractors with substantial decision-making authority
- Volunteers with substantial decision-making authority

Hearing panel and task force volunteers are required to complete a conflicts disclosure prior to beginning their duties.

Any new USA Rugby employee will submit a conflict of interest disclosure statement within 14 days of his or her hiring by USA Rugby to fulfill the annual disclosure requirement. Any other new Affiliated Individuals who are required to submit an annual disclosure will submit a conflict of interest disclosure statement by the earlier of 14 days after his or her appointment or his or her first board or committee meeting to fulfill the annual disclosure requirement. In no event will an Affiliated Individual participate in any decisions to commit USA Rugby to a proposed transaction or in athlete or team selection procedures prior to submission of his or her conflict of interest disclosure statement.

Any actual or potential conflict of interest must be disclosed. Each conflicts disclosure will be reviewed and addressed by the Chair of Audit and Risk Committee as outlined in Section 8.

The Chair of Audit and Risk Committee's disclosure will be submitted to, then reviewed and addressed by, the Board.

USA Rugby will maintain copies of all disclosures submitted in accordance with the document retention policies and procedures.

7. Periodic Statements and Updates:

In addition to the required biyearly disclosures, each employee, board member or officer, committee member, and volunteer or contractor with substantial decision-making authority will submit to the Chair of Audit and Risk Committee an updated disclosure describing any new potential conflicts of interest or material changes to a previously disclosed conflict of interest as they arise. USA Rugby will maintain copies of all periodic statements or updates submitted in accordance with the document retention policies and procedures.

Board and committee members must also review meeting agendas before each meeting to determine if, for any discussion item, they have any potential conflicts of interest that should be disclosed under this policy. At the beginning of each meeting, each board or committee member should state the agenda items for which he or she has such a potential conflict of interest. When those agenda items are addressed by the board or committee, the conflicted board or committee member may need to recuse themselves for discussions and/or board or committee votes. Board and committee members who become aware of a conflict mid-discussion, such as during a conversation that evolves to include content that presents a conflict that was not apparent from the agenda item's title, should recuse themselves at that time.

Recusal means the board or committee member must leave the room or the teleconference entirely and return only when the discussion or vote on the agenda item is completed. The minutes should reflect each disclosure and recusal.

8. Procedures for Reviewing and Managing Potential Conflicts of Interest:

a. Review of Disclosures

The Chair of Audit and Risk Committee collects the disclosures and will engage the entire Audit and Risk Committee to review and manage the conflict of interest disclosures, document any actual or potential conflicts of interest, and determine any actions required to manage the conflict of interest in accordance with the Committee's review process.

Conflicts will be addressed as follows:

- i. The Audit and Risk Committee will review the information provided by the Affiliated Individual in their disclosure, requesting additional information from the Affiliated Individual if necessary to fully understand the nature of the conflict.
- ii. The Audit and Risk Committee, as applicable, will determine whether an actual or apparent conflict of interest exists.
- iii. If the Audit and Risk Committee determines that an actual or apparent conflict of interest exists, the Committee will determine whether there are mitigating measures that can be implemented to alleviate the conflict and/or what steps the interested individual and/or USA Rugby must take or not take in order to avoid the conflict.

The disclosure of an actual or potential conflict of interest will not necessarily prohibit involvement in the disclosed activity or with USA Rugby. Rather, each disclosure will be reviewed individually, and actions may be recommended to protect the Affiliated Individual, USA Rugby, and the integrity of the decisions made by the Affiliated Individual and USA Rugby from actual, potential, and perceived

conflicts of interests. These actions may include limitation of involvement, separation from certain USA Rugby activities, or requests to cease the activity in question.

iv. All directions for managing conflicts will be discussed with the Affiliated Individual directly. If a material conflict is identified (whether actual or potential) for the CEO, board member, or Designated Committee (as defined by the USOPC Bylaws) member, the Audit and Risk Committee must communicate, in writing, its direction on conflict management to the individual.

b. With Respect to Proposed USA Rugby Transactions or Business

In the event a potential conflict of interest exists with respect to a proposed transaction or arrangement, then promptly and before any decision is made regarding the proposed transaction or arrangement, the potential conflict of interest will be addressed as follows:

i. The interested person may make a presentation to the Audit and Risk Committee, which may be convened telephonically, regarding the transaction or arrangement involving the potential conflict of interest.

ii. The interested person will then recuse themselves from any and all discussion and approval (if applicable) of the conflict of interest.

iii. The Audit and Risk Committee will determine whether an actual or apparent conflict of interest exists. For transactions, the Audit and Risk Committee may consider whether a competitive bid or competitive evaluation exists.

iv. If the Audit and Risk Committee determines that an actual or apparent conflict of interest exists, it will determine whether there are mitigating measures that can be implemented to alleviate the conflict and/or what steps the interested individual and/or USA Rugby must take or not take in order to avoid the conflict. The Audit and Risk Committee may determine in some cases that USA Rugby cannot engage in the transaction or arrangement at all due to the conflict or potential conflict of interest.

c. With Respect to Drafting Selection Procedures and Athlete/Team Discretionary Selection

The following more particularized disclosure requirements and procedures apply in the context of drafting selection procedures and athlete/team discretionary selection decisions in order to ensure that no Affiliated Individual participating in the process has a conflict of interest that will impact his/her ability to make a fair and unbiased decision in the athlete or team selection process.

Any Affiliated Individual involved in the drafting of procedures, including the athlete representative, or on a discretionary selection committee who has a potential conflict of

interest must disclose it to the Audit and Risk Committee for review. The following process will be followed:

- i. The Interested Person may make a presentation to the Audit and Risk Committee, which may be convened telephonically, regarding the potential conflict of interest.
- ii. The interested person will then recuse themselves from any and all discussion regarding the potential conflict of interest.
- iii. The Audit and Risk Committee will determine whether an actual or apparent conflict of interest exists.
- iv. If the Audit and Risk Committee determines that a conflict of interest is exists, it will either mandate the individual's recusal from the process or determine to what extent, if any, that individual can participate in the process. The Audit and Risk Committee may determine that the individual can still participate in the drafting of the procedures or be included in the discussions for discretionary selection of a team, but not take part in any sign-off, vote, or decision. For example, a national team coach or high performance director may provide information to the selection committee so long as such information is provided in a fair and unbiased manner and the committee member who disclosed the conflict of interest does not vote toward the final decision.
- v. Under no circumstances will a person with an actual or potential conflict attempt to unduly influence other members of the committee in the selection process.

If the Affiliated Individual is recused and a vacancy on the committee exists, either in the drafting process or on the discretionary selection committee, USA Rugby will use its best reasonable efforts to fill that vacancy. If a vacancy results in the athlete representative position, another athlete representative who meets the qualifications for that committee will be appointed and approved by a representative group of athletes.

d. With Respect to Seating Hearing Panels

The following more particularized disclosure requirements and procedures apply in the context of seating hearing panels in order to ensure that no Affiliated Individual participating in the process has a conflict of interest that will impact his/her ability to make a fair and unbiased decision in the hearing process to resolve a grievance.

Any Affiliated Individual appointed to a hearing panel, including the athlete representative, is obligated to disclose all actual or potential conflicts of interest prior to being appointed to a hearing panel. The Audit and Risk Committee will solicit and review potential panel

members' disclosures and make a determination on whether they are a disinterested party for the matter under review.

Hearing panel appointments are subject to an objection from either the complaining party or responding party on the grounds of a conflict of interest which is believed to be disqualifying. Objections will be handled using the following process:

- i. The objecting party may report the alleged conflict of interest to the Audit and Risk Committee in the five (5) business days following the parties' notification of hearing panel appointment.
- ii. The Audit and Risk Committee will review the objecting party's report and, taking all investigative steps necessary, determine whether an actual or potential conflict of interest exists.
- iii. If the Audit and Risk Committee determines that an actual or potential conflict of interest exists, the hearing panel member will be disqualified and a new hearing panel member will be appointed to replace the disqualified hearing panel member. The replacement hearing panel member shall be required to complete all disclosure requirements and is similarly subject to challenge by the parties as outlined in this section.

9. Reporting Violations of the Conflicts of Interest Policy:

Any individual with a good faith belief that an Affiliated Individual has a conflict of interest may notify the Chair of the USA Rugby Audit and Risk Committee (contact information below) of such perceived conflict. Furthermore, should any Affiliated Individual become aware of any undisclosed conflict of interest, or any conflict of interest not fully disclosed, they should make full disclosure of their knowledge of the potential conflict of interest involved to the Chair of USA Rugby's Audit and Risk Committee (contact information below). Reports may be made anonymously, if desired.

All good faith reports of violations of this policy are protected under the provisions of the USA Rugby Whistleblower and Non-Retaliation Policy. USA Rugby has zero tolerance for retaliation against an individual for filing a good faith report of a violation or potential violation. Consult the [USA Rugby Whistleblower and Non-Retaliation Policy](#) for additional information.

10. Violations of the Conflicts of Interest Policy:

If the Audit and Risk Committee has reasonable cause to believe an Affiliated Individual has failed to disclose an actual or potential conflict of interest, it will promptly inform the Affiliated Individual of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

If, after hearing the Affiliated Individual's response and after making further investigation as warranted by the circumstances, the Audit and Risk Committee determines the Affiliated Individual has failed to disclose the conflict or potential conflict of interest, it will take appropriate disciplinary and corrective action. The Audit and Risk Committee will communicate all such decisions in writing to the Affiliated Individual. The Audit and Risk Committee's decision will be final.

In the event that a member of the Audit and Risk Committee is not disinterested in a particular alleged violation under review, that member shall recuse themselves from the investigation and decision-making process. In all cases, matters under review shall be reviewed by disinterested parties.

While any such failure to disclose a conflict or potential conflict of interest is under investigation by the Audit and Risk Committee, the Affiliated Individual will be precluded from engaging in further decisions of USA Rugby that bear any relation whatsoever to the matter that is the subject of the conflict or potential conflict of interest.
